

Welcome to Grand Panthers

We love our children and grandchildren.
Climate change threatens their future.
We want our leading politicians and decision makers to elevate climate change above party politics.
We want them to work together on important issues to stop climate change and safeguard a sustainable future for all children. At any cost!

This is a platform on which we all agree.
In other matters, our opinions may vary.

We see ourselves as a leaderless people's movement.
We meet the last Wednesday of every month (except for June and July) in Café Gråmunken's cellar at 2:00 pm on Västerlånggatan where we discuss the plans for the day. Then we stroll, two-by-two, carrying our posters between the Swedish House of Parliament and the government offices (called Rosenbad) for approximately one hour. Then we take another break at Gråmunken before we go out again for a shorter period between 4:15 and 5 pm. Sometimes we succeed in securing a meeting with a politician. Check our home-page to see whom we have met so far.

We carry posters expressing a demand for a stop to climate change - the poster preferably personalized with a picture of a child or children and a text message. Our home-page will show you examples of posters, as well as suggestions how to make one yourself. If you like, we can help you with this at Café Gråmunken, but do bring your own photos.
